

# Summer 2011

## 1. Well-Rounded Summer Classes for Elementary and Middle School

- Math, Reading, English, Writing, Science (elementary school ONLY), Logic, and Speech

## 2. Weekday & Weekend SAT Reasoning Classes (Reading, Writing, and Math)

- Weekday Class: Wednesday, Thursday, and Friday (6/14 – 8/5, 8 weeks)
- Weekend Class: Saturday and Sunday (6/18 – 7/31, 6 weeks)
- Model Tests are given every Tuesdays before lectures

## 3. Comprehensive Math and Physics Programs

- Regular math program for elementary and middle school
- High School Math: Geometry, Algebra II (Algebra 3/4), Pre-Calculus/Math Analysis
- SAT Reasoning Test and SAT Subject Test Math Level II
- Weekday or weekend advanced math programs for elementary, middle and high school students
- Weekend AP Physics and AP Calculus

## 4. Flexible Private and/or Small Group Sessions

- Physics, Biology, Chemistry, History (U.S. History and World History), Literature, Statistics, Spanish, Reading, Writing, and Math for all grades
- 1<sup>st</sup> and 2<sup>nd</sup> grade small group (Phonic, Spelling, Reading, Grammar, Writing, and Math)

## 5. Test Preparation Private session

- SAT Reasoning Test, SAT Subject Test, ACT
- SSAT/ISEE (Private School Entrance Exam)
- HSPT (High School Placement Test)

## 6. Reading Spot and Writing Spot

Reading Spot and Writing Spot are designed specifically for students who would need some extra work in reading comprehension, critical thinking, essay writing, and public speaking. In our friendly atmosphere, students can establish the reading habit, improve reading and writing proficiency, and develop confidence and critical thinking skills by learning how to write reports and expressing their opinions in front of the class.
